HALF THE SKY MOVEMENT

Bring the critically acclaimed PBS documentary, its filmmakers and perhaps even the authors to NAME OF THE COMPANY

“The stories that Kristof and WuDunn share are as powerful as they are heartbreaking. Their insight into gender issues and the role of women in development inspires hope, optimism, and most importantly, the will to change. Both a brutal awakening and an unmistakable call to action, this book should be read by all.”
—Melinda Gates

“Half the Sky is...thoroughly edifying, handsomely produced and buoyed by brave, resilient people fighting for basic equality.”
— New York Times

“Rare television experience that will bring the world into your living room.”
—Vancouver Sun
